Placer County
Emergency Operations Plan Review

Placer County Multi-Hazard Mitigation Plan		
Plan Element	**Key Consideration**	**Outcome**
☐ Community Profile o Location / Geography o Population & Growth Trends o Special Districts	No acute care hospitals exist within the "High Country" portion of the county	
☐ Planning Process o Coordination with all affected agencies	Participation of all affected agencies, including neighboring counties/jurisdictions.	
☐ Risk Assessment o Hazard Identification o Vulnerability Assessment o Capability Assessment	Greatest natural risks = flood (dam failure) & wildfire	
☐ Mitigation Strategy	Promote Interagency coordination Continue to coordinate jurisdictional responsibilities to various hazards through County and Community Disaster/Emergency Response Plans and Exercises
